NOTE 1: Stations in Mountain View must set transmit DG-ID to 10 and receive DG-ID to 0 to be heard in Kansas City Wid Stations in the Kansas City area can leave both transmit and receive DG-ID set to 0 or AUTO.

NOTE 2: May not always be connected to Kansas City Wide. Repeater may be temporarily changed to other rooms by users. The repeater will return to Kansas City Wide room after a timeout period.

NOTE 3: Not connected to Kansas City Wide room full time but can be connected by user.

NOTE 4: Multi-mode repeater. Default C4FM room is Kansas City Wide.
Will not be available to C4FM users if other modes (DMR, NXDN) are active.
